

Tender Sample Text

Wall cladding baskets for mounting on reinforced concrete walls

To provide and install wall cladding baskets

To provide and install wire mesh baskets “wall cladding” with a filling of hard and durable, sufficiently strong, frost, weather and pressure resistant stone material.

Wire mesh baskets, made of electro-spot-welded, steel-wire mesh-grids.

All parts of the wire mesh baskets incl. the hang-up hooks are made of steel wire with zinc-aluminum coating (Zn95%/Al 5%), corrosion resistance of min. 3.000 h salt spray testing according to DIN EN ISO 9227-NSS, with modified parameters as a minimum thickness of 350g/m² according to DIN EN 10244-2 accuracy class A and a tensile strength of min. 450 N/mm².

Manufacturer DIN EN ISO 9001- certified, as well as user of the Quality Mark GABIONEN according to Quality Assurance Gabions and Gabion Structures RAL-GZ 612 and holder of an ETA (European Technical Assessment).

Wire mesh baskets

- Dimension 99,5 x 14,5 x 49,5 cm
- Front grids are made of steel-wire-Ø 3,5mm, mesh size 5x10cm
- All other grids are made of steel-wire-Ø 4,5mm, mesh size 5x10cm

to provide pre-assembled

Mounting to reinforced concrete wall approved by the structural planning engineer

To provide V-rails (galvanized steel sheet) and anchor bolts.

The rails – sized 3,00 m length - are perforated to drain incoming water.

Each basket must be hung in two rails.

To fill and mount wall cladding baskets

To fill the wall cladding baskets with a filling of hard and durable, sufficiently strong, frost, weather and pressure resistant stone material and to mount them according to the tender contract specifications. The grain size has to be bigger than the mesh size. To mount baskets in a technique that a uniform horizontal and vertical joint pattern is achieved.

Quantity _____m²-visible surface or _____baskets per piece (dimension details)

Surcharge for custom-tailored baskets

- quantity _____ piece horizontal cut
- quantity _____ piece vertical cut
- quantity _____ piece diagonal cut
